

Quality Policy

Vision: The vision of Zeaquest Company Limited aims to be an end-to-end subsea inspection, repair and maintenance service provider providing a one-stop service leveraged by AI and robotics system.

Mission: Our mission is to provide subsea inspection, repair and maintenance service with supreme responsibility, inventive technologies, modern equipment, and a highly skilled team to serve and build confidence to customer.

Objective of Quality: It is our ultimate objective to provide services that meet Customer's requirements in the most efficient and cost-effective manner without due compromise to Quality, HSE and Fitness covering all aspects of supplied services.

To implement this policy and maintain its commitment to deliver the highest level of quality in performance and service, Zeaquest undertake the following:

- ◆ Comply and have access to all applicable Quality, HSE laws and regulations, our internal requirements, international standards and compliance obligations, as a minimum performance achievement level
- ◆ Continuous improvement of the Customer satisfaction; ensuring that the reporting and actions resulting from customer feedback and/or complaints, non-conformances and audit findings are completed timely and effectively
- ◆ Accuracy of work and data produced as per required specification and on time delivery and completion of projects as per required specifications
- ◆ Manage suppliers selection and performance monitoring against scope of services
- ◆ Continuous improvement and development of our processes and personnel with adequate training in each role and responsibility
- ◆ Continuous improvement of a Quality Management System by engaging and communicating Quality and HSE programs and performances with transparency and integrity to internal and external stakeholders along with the collection of feedback and expectation to review and improve our operations.

This policy applies to all operations and requires the full cooperation and commitment of all employees throughout their activities from planning and execution include providing all resources to maintain and continuously improve the company policies.
